President's Corner:

Dear Fellow Day Makers,
 Thank you for welcoming me as president of this club. I am honored to have this position and look forward to serving you with the help of our past and future officers, committee chairs, and all you enthusiastic members.

I have three goals for the year:

1. Membership

I believe we can add 10 new members with the education and advice from Kiwanis International received at district conferences. I am also committed to keeping our present members happy and involved. I want our meetings to be fun as well as educational, so I intend to add something novel to each meeting to enhance our fellowship. Some of these may involve requiring you to wear or bring something particular to the meeting. Failure to do so will result in a \$1 fine to be added to the Party Pooper Pot! Please watch the weekly update for specific directions.

2. Service

We need to clarify the projects we want to dedicate ourselves to and assure all members are involved in some way.

Kiwanis Club Fund Raising:

There still is time for that scenic early fall road trip vacation. And don't forget to gather up some good food and snacks for the trip or the house pantry.

The Kwik Trip Gift Card makes for a nice "Thank You" for a friend or a neighbor who gave you a helping hand this year.
Garry Post/Dick Odell

President's Corner: (Continued from page 1)

We will be seeking your input on this after we define our goals.

3. Make Day Makers Kiwanis a better-known entity in our city. I believe that to do this we need to have an active social media presence. Greg and Dick will get our website back up to date and we will work on getting active on Facebook, Instagram, YouTube, and TikTok. We have been assured that this will be necessary in order to communicate with anyone under 40, which is a demographic we want to attract! We also need to connect with TV and radio to make our projects known. I think we need a PR team!

Once I receive the last of your Membership Surveys (and yes, I still will welcome the remaining ones, either paper or on-line) I will share the results with you. The data should help us move forward to making/keeping Day Makers interesting and satisfying to all of you. I appreciate your input in the surveys and will welcome your input as we go through the year.

Thank you for your support and cooperation!
